

## Clinical Trial Supplies

### Labels and services for clinical trial supplies

As a supplier of custom labels, Faubel has gained a great deal of experience and know how in clinical trial labelling in the past few years.

Building on this experience, we not only develop labelling solutions for our customers but offer them a comprehensive range of services from designing master labels, translating, manufacturing labels down to printing and checking variable data.

Key factors contributing to the success of our projects are efficient communication, interdependent processes and cost-effective organisation. That's why Faubel is the right partner.
